Lower York Street,
Southampton,
SO14 5QF, UK.

www.oceansafety.com

The Jon Buoy Inflatable Rescue Sling is specifically designed for the quick and easy recovery of a waterborne casualty. Packing neatly into an easily stowable soft or hard case, the versatile fitting allows it to be attached to any suitable boat or land based fixture. The weight of the pouch allows an accurate throw to the casualty of up to 36metres. Upon contact with the water the sling automatically inflates and comes with retro-reflective tape and an automatic light can be fitted as an option. Safe working load of 175kg. Comes with option of hard case or soft case.

The rescue sling hard case, offers a more ergonomic and streamline design for improved deployment and manoeuvrability.
